Adverse Effect of Customs Duty on 100% Export Oriented Units Sales

737. SHRI AJIT P. K. JOGI :
KUMARI ALIA :
SHRI KRISHAN LAL SHARMA :
SHRI SATYA PRAKASH MALAVIYA :

Will the Minister of FINANCE be pleased to state :

(a) whether it is a fact that 100 per cent Export Oriented Units using indigenous raw materials are entitled to have custom duty relief on their domestic sales ;

(b) whether even levy of 50 per cent customs duty on D.T.A. sales is adversely effecting the economical working of such units ;

(c) whether the anomaly has been brought to the notice of Government ; and

(d) if so, what steps Government are taking to redress the grievances of these Export Oriented Units ?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI RAMESHWAR THAKUR) : (a) and (b) 100% Export Oriented Units have been provided a facility to pay excise duty in respect of goods which are permitted to be cleared up to a certain percentage for domestic sales at a rate equivalent to 50% of the customs duty payable on like goods when imported subject to certain conditions. Such clearances for domestic sale being a small proportion of their production which is mainly intended for export, the present scheme of charging excise duty as mentioned above is not likely to affect the working of such units adversely.

(c) and (d) Some representations have been received to prescribe a lower rate of excise duty in respect of goods manufactured by 100% Export Oriented Units using 100% indigenous raw materials. The matter is under examination.
